

Drivewell AutoCRM — Quick Reference

One-page cheat sheet covering every page in the CRM. For full step-by-step instructions, see the long-form user manual.

Sign in / sign up

/login

- Sign up tab: name + email + 8-char password.
- Sign in tab: email + password.
- First sign-up sends you to Onboarding.

Onboarding

/onboarding

- Tick your roles.
- Write your KPIs and bottlenecks.
- Click Complete profile. An admin still has to approve before you can edit.

Overview

/dashboard

- Read-only situational view.
- Filter chips: Failed, Due today, Parts not available.
- Click a row to open the client.

Clients directory

/clients

- New client — full intake form.
- Import — paste / upload CSV; template available.
- Bulk message — WhatsApp or Email with {{firstName}}/{{vehicle}} placeholders.
- Delete all — wipes everything (no undo).

Client detail

/clients/:id

- Edit contact, status, vehicles.
- Orders: status flow PENDING → IN_PROGRESS → COMPLETED.
- FAILED / ON_HOLD require a reason.
- Draft apology — AI draft, saved (not sent).
- Log feedback (1–5 stars) and daily updates.

My tasks

/tasks

- Assign yourself a task — title + priority + day.
- Update status from the card.
- Last week's open items carry over automatically.

Team board

/team

- List or Kanban view.
- Assign a task to anyone on the team from the Add task form.
- Filter by person, status, priority.
- Drag cards on Kanban to change status.

Peer reviews

/reviews

- Cycle-based — review one another's work each cycle.
- Score peers on Deliverables (delivery of work) and Communication (1–5 stars).
- Reviewee + Admin/Manager see individual scores; everyone else sees the average.

KPI board

/kpi

- Create KPIs with name, category, target, period.
- Star-vote each KPI's performance.
- Group by category for long lists.

Monthly reports

/reports

- Pick a month + a view (Summary / Employee / Client).
- Download CSV, copy to clipboard, or email it.
- Clear activity is ADMIN-only.

Reminders centre

/reminders

- Buckets: Overdue, Due today, Upcoming.
- Mark done or snooze each card.
- Click to jump to the linked client / order.

Attendance

/attendance

- Clock in / Clock out.
- Times are in WAT (UTC+1).
- Today's roster visible to whole team.

Notifications

/notifications

- Pull-based; refreshes on tab focus.
- Mark read per row or Mark all as read.

Profile

/profile

- Edit name, photo, KPIs, bottlenecks.
- See your average peer-review score.
- Delete account is irreversible — prefer Deactivate via Admin.

User Admin

/admin/users

- ADMIN only.
- Roles dialog assigns capabilities.
- Deactivate = reversible; Delete = permanent.
- Can't deactivate / delete yourself.

Connect WhatsApp & Email

/admin/messaging

- ADMIN/MANAGER only.
- WhatsApp: Phone Number ID + permanent System User token.
- Email: Resend API key + verified sender.
- Use Send test to verify each channel.
